# Win a Picoo Tandem Z-1

THANKS TO FLYING TOYS, THIS ISSUE WE'VE GOT 10 OF THE LATEST SILVERLIT PICOO TANDEM Z-1 RC MODEL HELICOPTERS FOR YOU TO WIN

Silverlit Electronics has expanded its range of micro helis with the introduction of a twin rotor model.

A twin main rotor Chinook-style micro helicopter has long been considered a technical impossibility, but now the new infrared three-channel Tandem Z-1 ably demonstrates that this cannot only be done, but to the impeccable Silverlit Standards we have come to expect.

Just 170mm long and available in conventional camouflage livery, or a collection of colours on bands A, B & C, Flying Toys feel sure that every enthusiastic aeromodeller will want to be first to fly one.

The Picoo Tandem Z-1 is available from model shops and all Flying Toys stockists now priced £49.99. Call Flying Toys on 01702 295110 or visit [www.flyingtoys.com](http://www.flyingtoys.com) for more information.
